AUTHUREEN GAYLE TESTIMONIAL

I graduated Clarendon College in June 2008. I was a recipient of a scholarship and grants from the CCAASF and this went a far way towards assisting with my books, tuition, lunch and other well needed school supplies. It helped me tremendously in the completion of my high school education. I have truly benefited from the contributions made by the association. Words do no justice to the impact that these grants and scholarships have on the educational success of needy students. I graduated from the University of the West Indies with a Bsc. in Diagnostic Imaging (Radiography- First Class Honours). I also hold a diploma in Ultrasound and I'm employed to May Pen Hospital. I plan to continue to make my contributions in the health sector.
