EAKAAN-AUTO.COM

What We Do

It may be nearly impossible, problematic, or even lethal to operate a vehicle that is in need of a repair or maintenance service. In such cases, you will incur more cost than what the original repair would have been. Additionally, according to news reports and industry studies, 9 out of 10 personal vehicles on the road have at least one maintenance or repair service that has not been performed. Some of these items are serious safety concerns or might seriously affect the cost of operating your vehicle. The solution…? Eakaan Automotive Inc, boasting over 24 years of experience in the automotive industry and a customer satisfaction rating that's second to none. We are a full-service repair shop servicing both foreign and domestic vehicles. Give us a call today, and as always, excellent service is our guaranteed commitment.

DEALERSHIP-LEVEL DIAGNOSTICS & REPAIRS

Our Services

Fuel/Air Induction Service
Lubrication & Fuel Service
Transmission Service
Motor Repairs
Maintenance & Tune-Up
Reg. & Synthetic Oil Change
Emissions-Readiness Check
Cooling System Service
Rent-A-Car Service
Hybrid Battery Service/Repair
Drive Line Service
Power Steering Service
Computer-Aided Diagnostics
Multi-Point Vehicle Inspection
Towing Service
Climate Control Service
Alternator & Starter Repair
Brakes & Axles Repair

and much more...

About Us

Our workshop is equipped with the latest technology and we consistently remain abreast with industry developments and standards. We perform on-site transmission, engine, drive line repairs and much more. We administer detailed vehicle diagnostics, emissions-readiness checks and high standard preventive maintenance services. You can have your vehicle diagnosed and repaired while yo watch TV, browse the internet using our FREE Wi-Fi or watch educational auto-related videos in our clean and comfortable waiting area.

The US National Anthem

Oh, say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars thru the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

Jamaica National Anthem

Eternal Father bless our land,
Guard us with Thy Mighty Hand,
Keep us free from evil powers,
Be our light through countless hours.
To our Leaders, Great Defender,
Grant true wisdom from above.
Justice, Truth be ours forever,
Jamaica, Land we love.
Jamaica, Jamaica, Jamaica land we love.

Teach us true respect for all,
Stir response to duty's call, strengthen us the weak to cherish,
Give us vision lest we perish.
Knowledge send us Heavenly Father,
Grant true wisdom from above.
Justice, Truth be ours forever,
Jamaica, land we love.
Jamaica, Jamaica, Jamaica land we love.

MESSAGE FROM THE CONSUL GENERAL OF JAMAICA IN MIAMI
ON THE OCCASION OF
16TH ANNUAL DINNER DANCE OF THE
CLARENDON COLLEGE ALUMNI, SOUTH FLORIDA CHAPTER

On behalf of the Consulate-General of Jamaica at Miami, it is my pleasure to once again greet you on the occasion of the celebration of the 16th Annual Dinner Dance staged by the Clarendon College Alumni Association, South Florida Chapter.

This occasion offers the chance for past students to renew their commitment to their *alma mater* and rekindle the bonds of camaraderie that have been forged through a common experience at Clarendon College. Importantly, your support tonight will ensure the Association's ability to continue to provide scholarships to deserving students and also, to support the work of charities within the community.

I extend special congratulations to the President and Members of the Executive for their continued stewardship and execution of the mandate of the Association. Your dedicated service in the pursuit of the ideals of Clarendon College, embodied by the school's motto, "Persevere and Excel", honours the memory of Reverend Lester Davy, who gave of himself freely in support of community development through education.

Best wishes for an enjoyable celebration.

Franz Hall
Consul General of Jamaica to
Florida, the Southern United States,
The Commonwealth of the Bahamas and the Cayman Islands

Coalition of Jamaican Alumni Associations of Florida, Inc.

Message from the Coalition of Jamaican Alumni Associations of Florida

"To promote the success and well-being of Clarendon College and its students through our contributions and to support identified projects locally and internationally in a spirit of unity and cooperation forged by our common heritage". Motto of Clarendon College Alumni Association of South Florida.

The motto outlined above seems to embody an elaborate task, and some would say a massive mission for a group of people who has full time jobs, families, and other commitments too numerous to mention. Yet for the members of Clarendon College Alumni Association, you have delivered ALL the goals of your mission statement. You have supported the local communities in South Florida, have given back to Jamaica and your alma mater, and have supported endeavors that although not linked to Clarendon College, have made a difference in many lives. WELL DONE!!

The Coalition of Jamaican Alumni Associations of Florida not only congratulates you for the staging of your 17th Annual Dinner Dance and for your continued commitment to the social and cultural development of the Jamaican Diaspora in Florida, but also for staying true to your motto. Your annual dance and the other activities of this weekend will not only be successful financially as your track record predicts, they will help you, the wonderful past students of Clarendon College in South Florida meet the goal of contributing hundreds of dollars to scholarship, infrastructure, meals, and uniforms to current students at Clarendon College. With this you are helping to build citizens of Jamaica and investing in students that will help to put Jamaica and the world on a progressive path. The Coalition of Jamaican Alumni Associations salutes you and praise your continued effort.

Clarendon College was the first high school to be founded in the parish of Clarendon, Jamaica and as your founder intoned in 1942, the flame of the school in Chapleton "will never be put out". The flame of the South Florida Chapter of Clarendon College Alumni Association is not only burning ever since it was lit, today it burns even brighter. This we believe comes from the lessons you learned while you were in school, the love for mankind, and also your willingness to share some of what you have been blessed with. Times have changed; the world is more integrated; and there is more pressure to achieve. With this we have found that there is a greater need to pursue collective goals. We also know that for you, the school's motto "PERSTARE ET PRAESTARE - Persevere and Excel" is indelibly etched in your minds and continues to be your motivator. With your support for each other and your school, you will continue to make a huge difference in South Florida, Jamaica, and the world. Thank you for your efforts in the community and Jamaica. Best wishes for the future.

Sandra Schrouder PhD & Rupert Rhodd PhD (Co-Chairs)

Education Matters!

Message from the Principal
David O. Wilson

Greetings massive!

I am pleased to once again address you on the progress of and plans for your beloved Alma Mata - Clarendon College. We live in a knowledge based world and we have information at our finger tips regardless of our location. The challenge is that some information are mere speculations and far from factual. This medium therefore, is timely and useful that the information flow passes from the school directly to you.

The school has embarked on several projects to improve and maintain our Academic, Sports and Co-curricular (Social) Programmes. We cannot accomplish these without the direct assistance you give. We draw on the support of our Alummni and Alummnae in Jamaica, the United States of America, Canada and the United Kingdom.

The Physics Laboratory Project is yet to get off the ground as we seek to ensure that the funds are accumulated to see it to its completion. We missed this summer as a work period and are eyeing the Christmas holidays as a start time for this mammoth task. The Stuart family is spearheading this activity. The national pass rate in Physics has declined some fifteen percent (15%) and calls have been made by one educator turned government senator, for Science laboratories to be equipped to gain marked improvement in the Science passes. We concur and as a result we are pushing to have this facility back in operation at the earliest time. However, we are proud that despite our setback (absence of physics lab for four (4) years) we have maintained a good standard in physics at the Caribbean Advanced Proficiency Examinations (CAPE) and Caribbean Secondary Examinations Council (CSEC) levels. See (Results for five 5 years attached).

Water is life. The drought conditions have forced our hands to effect what should long have been a priority for us – Rain Water Harvesting. The project to date has seen the instillation of four (4) twelve hundred (1200) gallon water tanks attached for catchment from the Stuart Hall. An additional five tanks are to be fitted to the constructed base. The project will not end at this juncture since we need to build out other areas including that area behind Davy Boys building. Our school population is seventeen hundred (1700) students and a staff complement of one hundred twenty (120). Water is a necessity for our healthy, daily operations and the supply from the National Water Commission has not been reliable, even in the best of times. We call upon you – our Past students – to lend a hand as we seek to make these projects blossom and bear fruit.

Last year we broke the drought of wins in the Da-Costa cup Competition. We had last won in 1998 with Coach Jackie Walters. It was not fortuitous that we won again with him at the helm. Rather, it was with the dedication and commitment of a team of managers led by Mr. Richard (Ritchie P) Palmer. We appreciate the support in Cash and Kind as well as the encouragement to each player to use the win as a springboard for future accomplishments rather than a hammock for comfort and relaxation. We persevered and we excelled and we thank you for continuing with us on this journey. To date, two members of the 2014 winning team have taken up scholarships overseas – Zane Reid at the University of Kentucky and Dwayne Coleman is enrolled at the University of Cincinnati.

Whilst we excel in Sports and co-curricular activities , we are judged and ranked solely on the basis of our academic output and more specifically in relation to our Mathematics and English Language Passes. In the 2013 rankings were 32nd and in the 2014 we were 29th of one hundred and sixty one (161) high schools. Nationally, we have a cultural fear for Mathematics. As a school we embarked on a programme for the last five (5) years to demystify Mathematics. The pace of improvement has been steady as shown in the table of passes attached. Any resource to augment this programme will be welcomed.

We are mindful that the plethora of issues in a school will never be addressed simultaneously. We therefore crave your patience as we seek to use the limited resources to build and maintain this wonderful gift bequeathed by the Reverend Lester Davy and his successors.

As you fellowship at this time, we say thanks for your dedication to your school. Let us continue to BUILD OUR SCHOOL.

Master of Ceremonies

Norman S Reid

Norman Reid is one of our Past Students from the Mid '70s. Like his brother Henry before him ('66/'67) he was Head Boy of Clarendon College ('74/'75). After graduating from CC he pursued a career in Banking and now holds the position of Senior Assistant General Manager in the Retail Banking Division of NCB.

Norman serves on several Governmental and Non-Governmental Boards. These include:

- Chairman of Sam Sharpe Teachers College.
- Vice Chairman of Montego Bay Metro.
- Board Member of Housing Agency of Jamaica.
- Director of the Montego Bay Chamber of Commerce
- He is also a Justice of the Peace for St James.

In addition to those duties he continues to work closely with Clarendon College. He is the originator of the John and Veta Macmillan Lecture Series, an annual Lecture given at the School in the memory of the MacMillans. Each year he donates an award at the Annual Prize Giving for the top student in Business Studies. In continuing to support his alma mater, he is yet another of our proud trailblazers who keep the torch of the Rev. Lester Davy burning brightly.

CC DaCosta Cup Champions 2014

Our beloved Stuart Hall

Message from the President of the Jamaica Chapter

Once again, it gives me great pleasure, on behalf of the KINGSTON CHAPTER OF THE CLARENDON COLLEGE PAST STUDENTS' ASSOCIATION to extend to you warm greetings on this the occasion of yet another of your anniversary banquets. I have no doubt that in keeping with your own high standards and past tradition, your 17th anniversary activities will be as always, fun filled and memorable events as the alumni come together to enjoy the camaraderie and revel in reminiscing about those good old CC days. This is notwithstanding the fact that for some those treasured memories are by now getting into the distant past.

For many of us anniversaries of any sort, are regarded as defining moments as they position us to be able to look both backwards and forwards almost simultaneously thus giving us the unique benefit of implementing what was learnt from the past as we plan for the future. So as you celebrate and enjoy all the planned events, as you reminisce as well as look forward, I take this opportunity to wish you success all around.

I hope that everyone will have a wonderful and memorable time as they continue to build the legacy and reaffirm their commitment to giving their continued support to the CLARENDON COLLEGE ALUMNI ASSOCIATION INC, SOUTH FLORIDA CHAPTER and ultimately, our beloved Alma Mater.

Looking forward to a continued mutually rewarding and beneficial relationship. Quoting from Bethany, your President, "Together we are more than a sum of our parts".

Blessings!

Angela Spencer

Message from the President of the New York Chapter

On behalf of the Clarendon College Alumni Association New York Chapter I take pleasure in extending a heartfelt greeting and best wishes to the South Florida Chapter on their annual dinner dance.

Congratulations on your continued support and commitment to our beloved alma mater Clarendon College. I hope those attending the event will enjoy themselves, while thinking about the students of our alma mater who are in need of their support more than ever.

Regards,

Peggy Purchase

Message from the President of the Atlanta Chapter

"It takes each of us to make a difference for all of us!"

My fellow alumni and friends of the South Florida Chapter, greetings from the team members of the CCPSA Atlanta Chapter!

It is my pleasure to extend congratulations to you on this your 17th anniversary. As you celebrate on this special occasion, I am encouraged by the commitment and willingness of past students and friends who are able to pool their resources to help make a difference in the lives of students at Clarendon College. Your contributions, no matter how small, are important because it helps to provide scholarships and other necessary resources so that students are able to achieve their educational goals.

The Atlanta Chapter is also committed to providing scholarships and mentorship for students in need. It is our hope that other past students will join us in our efforts to work closely with students to inspire and motivate them to be confident. Through this type of interaction, mentors are able to provide guidance and encouragement so that students will be able to gain the knowledge and real life skills needed to face the struggles in high school and beyond.

As we look back with fond memories of our days at Clarendon College, we feel truly blessed because we were presented with some very good opportunities. Today, we are proud to call ourselves past students of this great institution which has served so many of us for 73 years. I believe we owe it to the current and future students to work together to ensure that they are blessed with fond memories of their own and even greater opportunities. Let us continue to work together to help make a difference in the lives of these students because without service to others, life itself becomes meaningless.

Wishing you all an enjoyable evening!

Dr. Hyacinth Broderick-Scott

Message from the President South Florida Chapter

It is indeed wonderful to have the opportunity to welcome everyone to our annual Labor Day Weekend events. We relish the opportunity to count our blessings and our friends, which are one and the same. We could not do what we do without the backing of so many loyal and committed people. We have built a tradition of celebrating with love and laughter, and thus are able to give back to the alma mater we cherish.

I must say a special thanks to those who are not of the immediate CC family, but who have been infected by the CC bug. We are blessed to be able to count you as part of the extended family.

We could not make the difference in so many lives if it were not for those who are here tonight, and those who wish they were here tonight. On behalf of the tireless members of the South Florida Chapter, we welcome and thank you for your continued support.

I strongly encourage you to attend as many fundraising activities as you can. Our school needs all the support it can get. I hope you have a wonderful weekend, and many more years of partying with a purpose.

Bethany Jones Powell

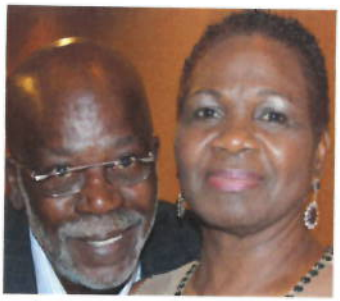
2014



AMOND

South Florida Chapter Activities

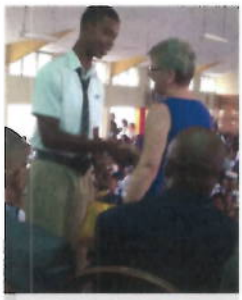
It has been another busy year! CCAASF has continued to combine fund-raising with having fun. In December 2014 we participated in the fundraising Walkathon along with the Coalition of Jamaican Alumni Associations. We are looking for a much better representation this year, so please plan to join us December 5th, 2015. We ended the year with a December to Remember fundraising Party at Genesis Restaurant and Lounge (now Waterfalls). We have grown from strength to strength, transforming a Christmas party to a legitimate source of scholarship funds! Join us this year on December 19th as we partner with Friends of Kingston Technical High School to have a 'Town and Country' Affair at Waterfalls.

Our annual church visit started the year at the Cooper City Church of God, where our own alum Rev. Clyde Bailey gave a rousing sermon. We had an excellent turnout! The story of the Rev. Lester Davy and his flame of inspiration continues to burn brightly.

Our annual Spring Sinting jumped off in the newly named Waterfalls: dance floor nice!!!

We participated in a community event, lending our support to Feeding South Florida. We gratefully acknowledged our own wealth as we imagined the lives of others.

In February the President attended the combined Prizegiving-Founders Day in Chapelton, and was once more greeted by a host of scholarship recipients. Gay Ann Clark, our special Good Samaritan recipient, made it up the steps to the stage to receive her award. We are completely humbled at the generosity of so many people that have enabled her to complete her education.



The most meaningful activity of the year is the review of the Scholarship applications. We are touched by the sincerity and simplicity of the essays, and reminded of our own good fortune. Although we laugh and have a good time, members (both male and female) can be seen furtively wiping away a tear.

We would love to have you be an active part of this chapter. Please reach out to us and make sure we have you on our email list so we can keep you informed. 2015-2016 promises to be just as full and productive as ever.

Reviewing Scholarship applications 2015

Come mek we do it! Making a difference.

Sheika Henry (2004)

In case you are wondering how a scholarship changes a life, here is the story of one recipient .

Born in May Pen, Clarendon, Sheika graduated from CC in 2004. Despite many challenges she was successful in school. She received the Kerr Academic Scholarship in third form, and was a South Florida Chapter Scholarship recipient in sixth form. She went on to study Geography at UWI. Growing up on Harris Street she experienced the effects of floods and other natural disasters which have driven her career and academic paths. She has worked as a geography teacher and a spatial data analyst. In 2008 she received the Eastern European Erasmus Mundus Scholarship and graduated from the University of Twente in the Netherlands with an MSc in Geo-Information Science and Earth Observations. In 2011 she began her professional career, excelling in cartographic representation. She also studied Spanish. She is a past Secretary of the CCPSA (Kingston Chapter).

She is currently pursuing her Doctorate in Geography at the Federal University of Parana in Brazil, after being awarded an Organization of American States Scholarship in 2014. Her long-term goal is to become a consultant in disaster management and urban planning to help to alleviate the distress of natural hazards that disproportionately affect the poor and disadvantaged. She also plans to lecture and engage in community outreach programs.

Theme: I can make a difference

With Clarendon College as the Inspiration

Inspiration comes from within
It's the feeling you feel in your bones
That causes your passion to burn steadily
And drives you to achieve your goals.

With inspiration comes motivation
That driving force
The wind beneath my wings
And that is what I've found at this noble institution.

The motto "Perstare et Praestare"
This is to persevere and excel
The numerous accomplishments each and every year
Are enough to push me to be the best that I can.

This awesome place
The very first high school in Clarendon
Has turned out stalwarts in every profession
And it's from this that I get my inspiration.

I can make a difference
With Clarendon College as my inspiration
I will spread the message far and wide
Of how great this place is to everyone.

With this place I am able to learn
The most fundamental things in the world
I take this step by step
But I really know what I'm reaching for.

Because education is the key to success
And with success I will and must succeed
That's what can make me a good inspiration of my school
And I am sure that I am going to take that step by step.

Reanna McKay
First form

I can make a Difference

A smile and a good morning will go a far way
In making someone have a better day
Having a pleasant face will enlighten the human race.

Academic achievement is a must
This will give an extra plus
To earn a living and create a niche
In the world where goals can be difficult to reach.

Good leadership qualities I must attain
For peace and love to regain
By setting a good trend
All animosity will end.

All school rules I must have to obey
For rules are made to pave the way
For a better school and a brighter day.

Don't forget who you are
Stand up tall and raise the bar
Teachers are here to shape your destiny
Guide and protect your integrity.

To make a difference I join a club
For in the wheel of life I am the hub
To promote good values and attitude
Not to be violent and be rude.

With Clarendon College as my inspiration, a change can be made
With our motto excel and persevere
The foundation has been laid.
To make a difference, yes a
Wonderful change will never fade.

Acknowledgements

In order for this event to be successful, there are many people to thank. We begin by acknowledging everyone present tonight, for without your support we would be unable to continue the work that was started by this chapter in 1998. We must thank the Coral Springs Marriott for hosting the event, our MC Norman Reid, and once again, the ultimate professional, DeeJay C-Roy. Thanks to those who have purchased ads, to those who have contributed door prizes and made other contributions. We sincerely appreciate all of those who have given their time, their effort and their resources to the activities this weekend, as we couldn't do it without you. The following companies have contributed to our cause: Grace Kennedy; Silver Springs; All Island Spice; Thomas Things Exquisite; Carl's SeaFood and Waterfalls Restaurant and Lounge. We rely on the generosity of so many people, it would be hard to list them all. Please know that your contributions and support are sincerely appreciated. On behalf of the students of Clarendon College who depend on the help we give them each year: ***Big Thanks!***

Say it with a Shirt...

Be daring. Be unusual.

Say it subtly while sporting it with an attitude...

Tease the senses with shirts from:

JAMAICA-USA
Chamber of Commerce, Inc.

Congratulations

Clarendon College Alumni Association
South Florida Chapter

"Partnership in Commerce"

It's time you joined a chamber that's committed to your success.

Jamaica USA Chamber of Commerce (JAUSACC) is committed to empowering its members and partners by promoting trade, while strengthening economic and cultural opportunities between Jamaica and the United States. JAUSACC offers membership to individuals, businesses, professionals, students and to any legitimate enterprise, regardless of size, provided such individual or enterprise has an interest in transacting business in Jamaica, or within the Jamaican American community of the United States.

Sign up now and receive a free subscription to

Black Enterprise!
